## WILL NOT LACK FOR HORSES

CHARLESTON MEETING TO BE FAVORED  
WITH ABUNDANCE OF RACING MATERIAL.

Reservations Made at Palmetto Park for Stalls for  
More Than Five Hundred Horses—Stake En-  
tries Notable for Quality.

Charleston, S. C., November 14.—The outlook for a successful meeting at Palmetto Park next month is excellent. Martin Nathanson, who is to serve as racing secretary, has arrived from the north and is busily engaged in attending to the preliminary work in connection with the opening of the thirty-day meeting, which is scheduled to take place December 2. Mr. Nathanson is especially pleased with the quality of the material which will be available for the filling of the daily cards, as revealed by the entries for the recently closed stakes. Reservations have been made for over five hundred horses and it is evident that there will be no lack of numbers, as well.

Owners from Kentucky who have engaged stalls at Palmetto Park and the number of horses they will race there are:

### NOTES OF THE TURF IN OTHER LANDS.

Twelve races at the Warwick November meeting have closed with an aggregate entry of 429, which is easily a record for the meeting.

The entries for the Newmarket December Bloodstock Sales already exceed 700 in number. A report to the effect that the winter sales will not be held is easily a foundation.

Miss Butters, daughter of the Newmarket trainer, has returned from Germany, and brings news home that Oliver Butters, her brother, is well, though not allowed to leave the country.

In one respect the Melbourne Cup is not going to suffer through the war. When the general entries closed for next year's race, it was found they totaled 1,117, and constituted a record.

R. Wootton sails on December 11 for Australia. Frank and Stanley, his two sons, remain in England to train, the former at Ogbourne and Stanley at Epsom, where he will have under his charge a few of Mr. E. Hulton's and Mr. Hale's horses.

After the Curragh Cesarewitch all the jockeys who rode in the race, with the exception of John Doyle, were fined \$5 for not having conformed with the instruction requiring them to parade in front of the grandstand before proceeding to the post.

Sir Robin Duff, the son of the late Sir Assheton-Smith, whose death in France was announced October 20, had made arrangements with Robert Gore, the well-known trainer, to carry on racing in the coming season with the fine team of steeplechasers stabled at Findon, and the services of a prominent jockey had been secured.

By the fall of the Sagitta filly in the Blytheholme Nursery Handicap at Stockton on Saturday, October 24, C. Dickens broke his right leg and was removed to the ambulance to Thornaby Hospital, Middlesbrough. Dickens is the capable apprentice attached to Butters' stable at Newmarket, and rode Troubadour to victory in the recent Cesarewitch.

News has been received at Vaynol, North Wales, that Sir Robin Duff, of the Second Life Guards, son of the late Sir Charles Assheton-Smith, has been killed in action. Sir Robin, who was present at his father's funeral a few days when he met his death. He was born in 1876, and married in 1903 Lady Juliet Lowther, niece of Lord Londale. He leaves a son, seven years old, and a daughter.

George Edwardes, widely known theatre owner and an ardent turfman, was at a German water cure resort when the war broke out and was held a prisoner at a German late last month, when he was allowed to return home to England. During his enforced stay in Germany his horses in England carried his colors to victory on twenty-three occasions, the amount in stakes that his horses won amounting to just over 6,000 guineas.

Aides and Bolond, which were the property of Baron Springer up to the time of his war broke out, have the distinction of being about the first equine prisoners of war. The Board of Agriculture and Fisheries seized them as contraband, and ordered them to be sold by public auction. This was done at Newmarket, when Aides was knocked down for \$2,500 and will in future find a new home in West Australia. Bolond was secured by Mr. Burchell.

The Premio del Sempione of \$10,000 (actually worth \$8,000 to the winner), decided at Milan, Italy, last month, was won by Airy, a son of Henry the First and Airs Moss, by Ayrshire. There was a good field, including Nettuno (the Derby winner of 1913), Airy, which is owned by the "Sir Rhodan" stable, was bred by Mr. J. Musker, and sold as a foal to go to Italy. Mr. Musker at the same time sold a colt foal by Melton out of Social (since named Poetical). He went to West Australia, where he has turned out one of the best of his age.

In consequence of the war the Racing Stables Institute at Maisons Laiffite had to close its doors for some time, but is now re-opened and is being found particularly useful as a meeting place for the trainers, jockeys and others connected with racing who still remain in the district. Many of them are on active service, and among the jockeys now at the front are R. Sauval, Doumen, T. Williams, Barre, M. Barre, Berteaux, Moreau and Bourdale, while the trainers include Barhier, Rabier, Coblenz, Raoul, d'Okhuysen and W. Heslop, the latter acting as an interpreter. Those remaining in the town are

## THIRTY LEADING MONEY-WINNING HORSES OF 1914

In the American racing of last year thirteen horses won \$10,000 or more. This year fourteen have already done so and several more are still racing which are so close to that sum in earnings that, with a bit of luck helping, they may easily step over the line. Then the top sum of \$19,057 stood to the credit of Old Rosebud. This year the three-year-olds, Roamer, Luke McLuke and David Craig have each won in excess of \$20,000. Next to them come four two-year-olds, of which Regret, Conely and Pebbles would rank as stars in any year. Trojan's victory in the Futurity alone served to give him his high standing and it is not assured that he classes anywhere near the other three. It is noticeable that with one exception the winners of \$10,000 or more are two and three-year-olds, Buckhorn being the only older horse to win that much. In this there is augury of high-class handicap horses for the big events of that description in 1915, better than for several years past, unless injuries intervene to mar the present cheerful outlook. The thirty leading winners of the year and their records to date are the following:

the trainers Adele, E. Mayer, Burch, J. Davis, W. Davis, Gildon, Lawrence, Leigh, Jean Lieux, Suggs and Shields. The jockey, O'Neill, is back, but J. Reiff has gone to America. All the trains of wounded soldiers and prisoners stop at the Red Cross depot, Achères, a small station about a mile and a half from Maisons, and those remaining at the latter place supply the needs of the unfortunates with bread, fruit, tobacco, wine, etc.—London Sportsman.

Steep Holm and Rosevan, both of which were winners at The Curragh October 21, are half-brothers, the former being by Symington and the latter by Roi Herode, out of Armored, which is also dam of Great Surprise, Lyoness and Armourer. The mare Armored has an unique record in that this season each of her produce in training has been a winner. They are six-year-olds. Great Surprise, the four-year-old Lyoness, the three-year-old Steep Holm and the two-year-old Rosevan, there being no five-year-old in training, as the mare was barren in 1909. She cost her owner, Mr. W. Dunne, only 35 guineas.

### GOSSIP FROM BLUE GRASS REGION.

Lexington, Ky., November 14.—Allan McCulloh and L. T. Haggin, of New York, two of the executors of the will of James B. Haggin, arrived in Lexington Thursday night. When asked what brought them here at this time, Mr. McCulloh said: "I am here with Mr. L. T. Haggin, the son of James B. Haggin. We will be in Lexington two or three days. We are executors, as you probably know, of the will of Mr. Haggin. We expect to look over all of the properties of Mr. Haggin, including Elmendorf. We desire to familiarize ourselves with Mr. Haggin's holdings here. You might say that he has no definite plans for the future disposition of Elmendorf or other properties of Mr. Haggin." Charles H. Berryman, manager of Elmendorf Farm, has had prepared for the use of Messrs. McCulloh and Haggin an inventory of the Haggin holdings in this locality. "While there is danger of the foot and mouth disease being conveyed by such mediums as raw

hides, fodder and manure, I consider that if the railroad and shipping companies were compelled to thoroughly disinfect their cars and vessels after unloading, the danger could be reduced to a minimum," said H. A. Woodroffe, V. S. of this city, Thursday. "As to the extreme precaution of quarantining horses, I am inclined to think that if these animals, after being taken off the cars, were drenched with some strong disinfectant, the danger of spreading the disease from them should be sufficiently obviated. Horses do not contract the disease as a matter of fact—it is a malady of the bovine and not equine animals. Birds of the air and automobiles, which carry the contagion from the manure mingled with the dirt on the roads, are more apt to be mediums of spreading the disease than are horses."

George D. Widener, Jr., will move his stock from the Waldeck Farm of T. M. Murphy near Louisville to the Silver Brook Farm in New Jersey in a few days. Silver Brook Farm is under lease to W. F. Freesegrave. Mr. Widener's stud consists of the brown stallion Garry Hermann, by Escher,—Silk Gown, by Longfellow, ten mares and five weanlings. John Miller will be in charge of the shipment.

H. K. Knapp has retired his good mare Sprite to Hal Price Headley's Beaumont Farm, where she will be mated with some prominent stallion the coming season. Sprite is a bay mare, five years old, by Waterboy—Fairie Queen, by Faustus. She won eighteen races during her four seasons on the turf, five as a two-year-old, four as a three, five as a four and four as a five-year-old.

When the work of grading and grassing the infield is completed the coming week and two barns now in course of erection are finished, the Kentucky association will have made improvements approximating \$20,000 on its plant this year. Supt. James P. Ross this week spread upon the winter training course ten carloads of sand, putting it in perfect condition for the coming year and wet period.

W. J. Young this morning furnished entertainment for a large company of visitors to the course, among whom was Gen. Henry T. Allen, U. S. A., when he "set down" five yearlings from his barn. The bay filly by Migraine—Cleopatra, owned by John E. Madden, worked a quarter in :23½, nosing out Investment, a yearling bay filly by Frontenac—Jennie Wade, owned by P. M. C. Will. The chestnut colts by Disguise out of Landella and Netherless worked a quarter together in :23½. They are owned by James and Isaac Parrish. Charles Colla's bay colt by Mentor—Miss Strone, worked in :23½.

Leo Ray has been turned out at H. P. Headley's farm.

### FIVE HUNDRED HORSES AT JUAREZ.

El Paso, Tex., November 14.—Last winter there were 823 thoroughbreds at Juarez, and present indications are that there will be as many quartered at the course before the coming meeting is far advanced. There are already more than 500 at the course.

Others who have engaged stall room at the course include James Butler, 15; Campbell & Gray, 10; Allen & Hensley, 12; Capt. B. C. Bunbury, 8; estate of J. F. Ferguson, 12; A. B. Spreckels, 32; G. L. Blackford, 10; E. A. Donovan, 3; Lee Erb, 4; J. W. Fuller, 16; J. B. Goodman, 3; Jake Schas, 2; W. D. Hundley, 2; R. V. Haymaker, 3; T. B. Moots, 4; Clayton Morris, 6; J. H. McBride, 2; R. McCoy, 2; E. M. Phillips, 4; H. D. Poyner, 2; W. H. Tulley, 7; M. Shields, 4; H. Tullett, 3; Claud Timberlake, 3; N. S. Vail, 2; L. T. Hatchett, 12.

Recent arrivals include W. St. Vincent, with Freda Johnson, Little Bit and two others; Stewart Polk, with Cisko, Gilbert Rose, Eye White, Wastella and one other; Al Morgan, with Fort Johnson, Van Horn and Oblivion; W. L. Stanfield, with Kitty Stanfield, Amohalko and four others; B. Conner, with Ancestor; M. Doyle, with Chocvat; H. V. Reese, with Originator, and M. M. Pirker, with Lady Miat, Charley Fox and Wise Mason.

### PINKERTONS ENGAGED FOR NEW ORLEANS.

New York, November 14.—Joseph A. Murphy has been in New York for a few days attending to some details in connection with the opening of the race meeting at the old Fair Grounds in New Orleans on January 1. Yesterday Judge Murphy completed his arrangements to have the policing of the course done by the William A. Pinkerton forces. He said that was one of his chief reasons for coming to New York.

The meeting at New Orleans will continue for forty days, which will bring the racing up to February 17. Judge Murphy said that he was heartily sorry that there was an unavoidable conflict of dates with H. D. Brown's track at Marianao, Havana, and that he had talked the matter over with Mr. Brown. It was agreed that the conflict could not be avoided for it is essential that the racing season in New Orleans take in the Mardi Gras week.

Judge Murphy said that the meeting has absolutely assured and that sufficient money has been subscribed to make the sport certain without depending upon the gate receipts. The plan is to distribute \$2,200 daily. This will be divided into four purses of \$400 each and two of \$300 each.

## STAKE FOR FLITTERGOLD

AUGUST BELMONT'S COLORS VICTORIOUS IN  
HAYRE DE GRACE FEATURE RACE.

Fair Play's Brother Scores Lucky Victory Over Montresor in Chesterbrook Handicap—Chupadero Continues to Show Good Form Over Jumps.

Baltimore, Md., November 14.—Montresor would have won the Chesterbrook Handicap for three-year-olds and upward, at Havre de Grace this afternoon but for an accident at the start. When the barrier went up Montresor caught the tape in his mouth and ran with it for twenty yards or more before it became disentangled. The horse's head was in the air and he lost several lengths by the mishap. Meantime the others had gone on about their business, with Robert Bradley and Paintbrush showing the way. McCahey rushed Montresor up and joined the bunch behind the pacemakers. Nearing the far turn, Robert Bradley began to quit and Paintbrush forged into the lead, with Flittergold third. In swinging for home, Robert Bradley bore out and carried Paintbrush and Flittergold with him. McCahey, who had been patient with Montresor, came through on the inside and, in the last furlong, passed Paintbrush and Robert Bradley. He could not pass Flittergold, however, and the Belmont colt won by a neck, with Partner third.

The Chesterbrook was the star feature of a good program, which brought out a big Saturday crowd. Flittergold and Montresor were the popular choices and there was also support for Magnet and Paintbrush. The latter suffered from the interference at the head of the stretch probably, but could not have beaten either Montresor or Flittergold under any circumstances.

Chupadero, "Miss Chamblet's" good three-year-old jumper, took the Potomac Steeplechase in a canter from Astute. The latter opened a big gap on the first round of the field, but when Ryan led Chupadero have his head he quickly overcame Astute's lead and was in hand at the finish. Devoter fell early and Promoter had no contention for third money. Chupadero's performance was an excellent one. He was conceding weight to the others, which he outclassed.

A "good thing" materialized in the third, for two-year-olds, when Videt, backed from 20 to 1 to 8 to 1, was returned the winner. He was on the outside at the start, but worked his way up and took the lead entering the stretch. He tied hardy in the last furlong and just lasted to beat Pennyrock, a 50 to 1 chance.

John L. Paul has taken the horse Sunset to train. The latter is a recent arrival from Latonia. William Smith with Bob R., has another arrival from Kentucky. At the conclusion of the meeting Bob R. will be shipped to Charleston to join the remainder of the Smith string.

Willie Martin has decided to fire his gelding Kayderoseros. Dr. McCully will perform the operation here some day next week.

### ANSWERS TO QUERIES.

J. H. T. Chicago. There was no place betting at the track in the race inquired about.

C. B. Brantford, Ont. No questions will be answered in this newspaper unless they are written over the name and address of the questioner.

R. B. M., Lawrenceburg, Ind. Unless there is a stipulation to the contrary, every field horse wins whatever any other field horse wins in mutual betting.

J. T. R., Chicago, and others. It having been Proctor and not Protector, that was entered and started in the first race of Friday at Havre de Grace, it necessarily follows that if any wagers were made on Protector in that race they were draws.

G. S., St. Louis, Mo. Nothing is known here of Annie McGee ever being used to pull a milk wagon. W. B. Gates, owned by G. C. Bennett, won his first race and start at St. Louis, June 1, 1899, and was ridden by McIntyre.

L. R. J., Galesburg, Ill. All the advertisements in Daily Racing Form are checked for absolute truth of statement before being printed. All systems and information sent to others must be filed in this office by noon of the day of action. Winners or statements are not accepted for advertising purposes unless filed under the rules.

### JAMES ROWE MAY PRESIDE AT HAVANA.

Havre de Grace, Md., November 14.—Manager H. D. Brown, who is here in the interest of the Cuba American Jockey Club, feels much encouraged by the response of the horsemen with entries to the stakes that will be run at Oriental Park, Havana, during the coming winter. Entries to the twenty stakes will close on Monday, and Mr. Brown will announce his staff of officials within the next few days. T. C. McDowell will be one of the stewards, and James Milton the starter. James Rowe, America's foremost trainer, who is in charge of Harry Payne Whitney's horses at Brookdale, probably will be the presiding judge. Mr. Rowe has filled official positions at various times with great credit and would be a strong addition to the excellent staff that Mr. Brown is getting together for his Cuban meeting. Malicious reports have been circulated that a charge of \$200 a day would be made against the bookmakers doing business in connection with the meeting. Mr. Brown today came out with positive assurances that no excessive fee would be exacted from the layers. He also asserted that the ring positively would be an open one.

### JARDY'S SON WINS A GREAT RACE.

Jardy is going great guns with his stock in the Argentine, and now that his son, Irigoyen, a five-year-old, has won the \$40,000 Grand Prize of Honor and the accompanying gold cup, he cannot be far behind Polar Star in the race for the leadership among the stallions. It may, however, be a near thing between Jardy, Old Man and Cyllene, which are at present all in the running, with Polar Star as the leader. The Prize of Honor only brought out a field of seven, but they were a good lot, and Irigoyen's time for the distance, two miles and 330 yards, was 3:50½. Irigoyen belongs to the Los Cardos Stud, and was ridden by D. Englander, who, judging from the manner of his finish, according to a photograph, had an "armchair" ride. Jardy is by Flying Fox—Airs and Graces, whose half-brother, St. Alwyne, is in the first twelve in the list of winning stallions in Australia.

### WILL KEEP \$20,000 RACE OPEN.

Montreal, Que., November 14.—Owing to the war conditions, the Dorval Park Jockey Club has extended the closing date for its \$29,000 International Derby to February 15.

## GENERAL NEWS NOTES OF THE DAY.

A force of 700 men has been sent by Gen. Villa towards Tampico, where there is a garrison of only 300 men. The rebels are taking possession of the railroad leading to Tampico from San Luis Potosi. Almost the entire defensive force of Tampico has moved toward the interior to meet the expected attack. Foreigners, if they are endangered by an attack, will be given refuge on merchant ships under direction of the American battleship Rhode Island, which is in Tampico harbor. There are now in Tampico 200 Americans, 300 British, 200 Germans and perhaps 1,000 Spaniards. Minister of War Posquiera announced at Mexico City that Gen. Gonzales has been ordered to resist the southward advance of Gen. Villa with his forces. Large bodies of troops have been called in from the suburbs of Mexico City and sent northward to Queretaro, accompanied by batteries of artillery.

The population of the United States is now more than 100,000,000 and the money in circulation totals \$3,419,000,000, while 11,000,000 of the thirty inhabitants have \$4,375,000,000 in the savings banks. National wealth has increased from \$7,000,000,000 in 1870 to \$140,000,000,000 and the money in circulation from \$279,000,000 to \$3,419,000,000. For the entire country bank clearings have grown from \$52,000,000,000 in 1887 to \$174,000,000,000 in 1913. Since 1850 the population has increased from 25,000,000 to 100,000,000. Monday, Nov. 23, has been fixed as the date for the evacuation of Vera Cruz by the American forces. Secretary Bryan issued this announcement: "Both Gen. Carranza and the convention at Aguas Calientes having given the assurance and guarantee we requested, it is the purpose of the administration to withdraw the troops of the United States from Vera Cruz on Monday, Nov. 23. All the persons there for whose personal safety this government has made itself responsible have left the city. The priests and nuns who had taken refuge there, and for whose safety fears were entertained, are now on their way to this country."

Brigadier General Hugh Scott has been selected by President Wilson to be chief of staff of the United States army upon the retirement tomorrow of Major General Wotherspoon. The vacancy of major general, created by General Wotherspoon's retirement will be filled by the nomination of Brigadier General Frederick F. Funston, now in command at Vera Cruz. Brigadier General Tasker H. Bliss, will become chief of the mobile army division, and upon the retirement of Major General Murray on April 29, 1915, General Scott will be appointed a major general.

Traffic which Panama canal officials believe will develop high importance was inaugurated when the steamer Penarth Castle, Galveston to Yokohama laden with 3,270 bales of cotton, passed out into the Pacific. Canal Record estimates the time saved at twenty-two days, or \$5,000, on the outward voyage alone. Tolls amounting to more than \$4,000 were paid by the steamer, but similar charges would have been levied had it gone via the Suez canal, and the money saved is net gain to the owners.

New rules to balk attempts by foreign secret agents to obtain American passports for use abroad are in effect through an order signed by President Wilson. An announcement by the state department outlining the new regulations, said the department recently had been informed of several cases in which aliens holding themselves out as natives of American citizens have obtained attempted to obtain American passports for purposes of espionage in foreign countries.

President Wilson has become so alarmed over the tendency to increase government expenditures he may urge congress to provide a budget system for appropriations in his annual message next month. The treasury books show that for the present fiscal year the government has suffered a decline in revenue of approximately \$25,000,000 as compared with the same period last year while there has been an increase of \$14,000,000 in expenditures, making a net loss of \$40,000,000.

James D. Phelan, elected United States senator from California on the Democratic ticket, has come out for a bigger navy. "I do not agree with those 'peace at any price' men," he said. "So long as human nature is what it is, there must be a navy to return blows. We should not expose the California coast to the danger of an insolent foe putting San Francisco under tribute. We must have adequate defenses here."

In the judicial search being made for securities owned by the late Curtis A. Gunn of Chicago, Mrs. Pluma Gunn Rodgers, his grandniece, testified before Probate Judge Gregg that the Gunn family during his life fifty railroad and municipal bonds of the pay railroad \$50,000. She said she put them in a joint safety deposit box rented by her and Gunn. Mr. Gunn left her \$50,000 by his will.

General Lucio Blanco, one of the commissionees named by the Aguas Calientes peace convention to confer with General Carranza, stated at Mexico City that Generals Carranza and Villa had agreed upon a suspension of hostilities until Nov. 20, when the Aguas Calientes convention will reconvene and either ratify or nullify the election of General Eulalio Gutierrez as provisional president.

The federal reserve board has decided that the rates to be charged by the twelve federal reserve banks for the rediscounting of commercial paper should be not greater than 6 and not less than 5 per cent. These rates will obtain when the banks open for business tomorrow. They can be changed by the board later if they prove unsatisfactory.

Yesterday was the 39th anniversary of the birth of King Albert of Belgium.

## NOTES OF THE TURK.

More than 100 stalls are in readiness at the New Orleans Fair Grounds for the reception of horses. The strings of F. Staton, E. Murray, J. Marklein, Al Luzader and W. Hurley are expected there shortly.

The arrival of a consignment of thoroughbreds at New Orleans has given an impetus to the local campaign for stock subscriptions and ticket sales, by which method the meeting is to be financed. With racing men actually on the ground, the New Orleans people are convinced that the promoters of the meeting mean business.

## EUROPEAN WAR DEVELOPMENTS.

Rumors of disaster to the British superdreadnaught Audacious, which have persisted ever since the White Star liner Olympic, diverted from her course, arrived at Lough Swilly October 23, are confirmed. After a career of less than two years, the Audacious, of the King George V. class—third in tonnage and armament of his majesty's warships—left the bottom of the ocean off the north coast of Ireland. She was hit by a torpedo or disabled by a mine just before nine o'clock on the morning of October 27. With the possible exception of one or two men, the whole crew of 800 officers and men were rescued by small boats from the Olympic. The rescue was made in a rough sea through brilliant and daring seamanship on the part of the White Star crew. The battle ship's cry for assistance was caught by the wireless operator of the Olympic, which was only about ten miles distant. The steamer rushed forward at full speed, while her crew made ready for the work. Volunteers were called for, and double the number necessary to man the lifeboats responded. The crippled battle ship was reached a few minutes after nine o'clock and before noon all but 100 or her men had been transferred. By that time the battle ship had a decided list at the stern, where, just below the water line, she had received her wound. Two of her engines were unharmed, but the one aft was put out of commission. After taking off all the officers and crew who would leave the ship, Capt. Haddock of the Olympic turned his attention to an attempt to save the warship. A cable was given her, but it snapped as it tightened. Meanwhile, the bulkheads began to give way and it was soon apparent that it would be impossible to tow the ship or keep her afloat. The cruiser Liverpool and several other warships which had come up stood by. Late in the afternoon it was decided to abandon the Audacious and the officers and men who had remained aboard reluctantly left her. The flotilla of rescue ships continued to stay by her, however, until nine o'clock that evening, when a terrific explosion occurred and the Audacious plunged stern first and in a moment had disappeared. She was of 23,000 tons and commissioned in 1913.
